Forbes INDUSTRIES

THE STANDARD OF LUXURY IN *MOTION*

Hotel Operations Solutions

Hospitality operators increasingly want products that fit their locale. Our innovative mobile products make it easy to give your guests 5-star service, when and where they expect it. From the best-in-class housekeeping, in-room, and bellman carts, to our mobile service carts, action stations, bars, and back bars, we're known for the kinds of innovation that make providing world-class guest experiences effortless.

MULTI-FUNCTIONAL SOLUTIONS

The "back of house" in hotels is getting smaller. Multi-functional products from Forbes Industries help hoteliers perform more with less.

SUSTAINABILITY

Located in Ontario, California, Forbes Industries operates under the strictest environmental regulations in the world and helps customers meet their sustainability goals by using durable and recyclable materials, environmentally safe coatings, and building long-lasting products.

Find it at Forbes Industries!

At Forbes Industries we know your guests are counting on you and your staff to make their experience something to be celebrated and remembered. We understand your commitment to making them feel warmly welcomed and cared for; we've been helping those in the hospitality industry provide this kind of world-class guest experience for over a hundred years. Shown here are only a few of the products we offer, and each represents a line of similar products giving you the ability to select your exact configuration, fit, and finish.

You can be confident you'll find the mobile furniture and equipment you need for your next project.

The Go-Cart N-III Super Pusher G36 Motorized Housekeeping Cart Upgrade

The Go-Cart Super Pusher G36 minimizes strain on workers while increasing your operational efficiency. It is the first cart motorizing system that utilizes a user-friendly, safe, touch control to easily propel the cart forward or backward with walking speeds from slow to fast and no complicated buttons or switches. The system is emissions-free and ready to be used indoors or outdoors. The Super Pusher G36 motor can be fitted on most carts with 8" wheels. **(Details on page 54)**

Luggage Carts & Bellman's Equipment

BIRDCAGE | SPECIALTY | ECONOMY | SELF-SERVICE | BELLMAN'S HAND TRUCKS

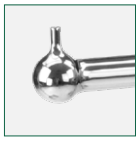
BIRDCAGE® LUGGAGE CARTS

Forbes' signature Birdcage® Luggage Cart design is often imitated but never duplicated. It is recognized as a symbol of excellence in upscale accommodations worldwide. With many styles to choose from, it sets the standard for aesthetics and functionality when it comes to high-end Luggage Carts. All Birdcage® Luggage Carts feature casters mounted to a steel-reinforced carpeted deck with a full wrap-around bumper to protect your quality investment.

Solid Brass or Stainless Steel screws incorporate semipermanent Loctite to secure components and hardware

Most parts for birdcage carts are designed to be replaceable

Heavy-duty hanger bar is constructed from extra thick gauge tube with reinforced welds that offer a high capacity hanger bar



Welded retaining fingers secure hanging items

Reinforced Steel Deck is built with 1" square steel tube and sheet steel. Underside has powder-epoxy painted finish

Thick gauge steel mounting plates secure casters and make replacement fast and easy

Full wrap-around bumper adds complete perimeter protection

Deck with metal skirt

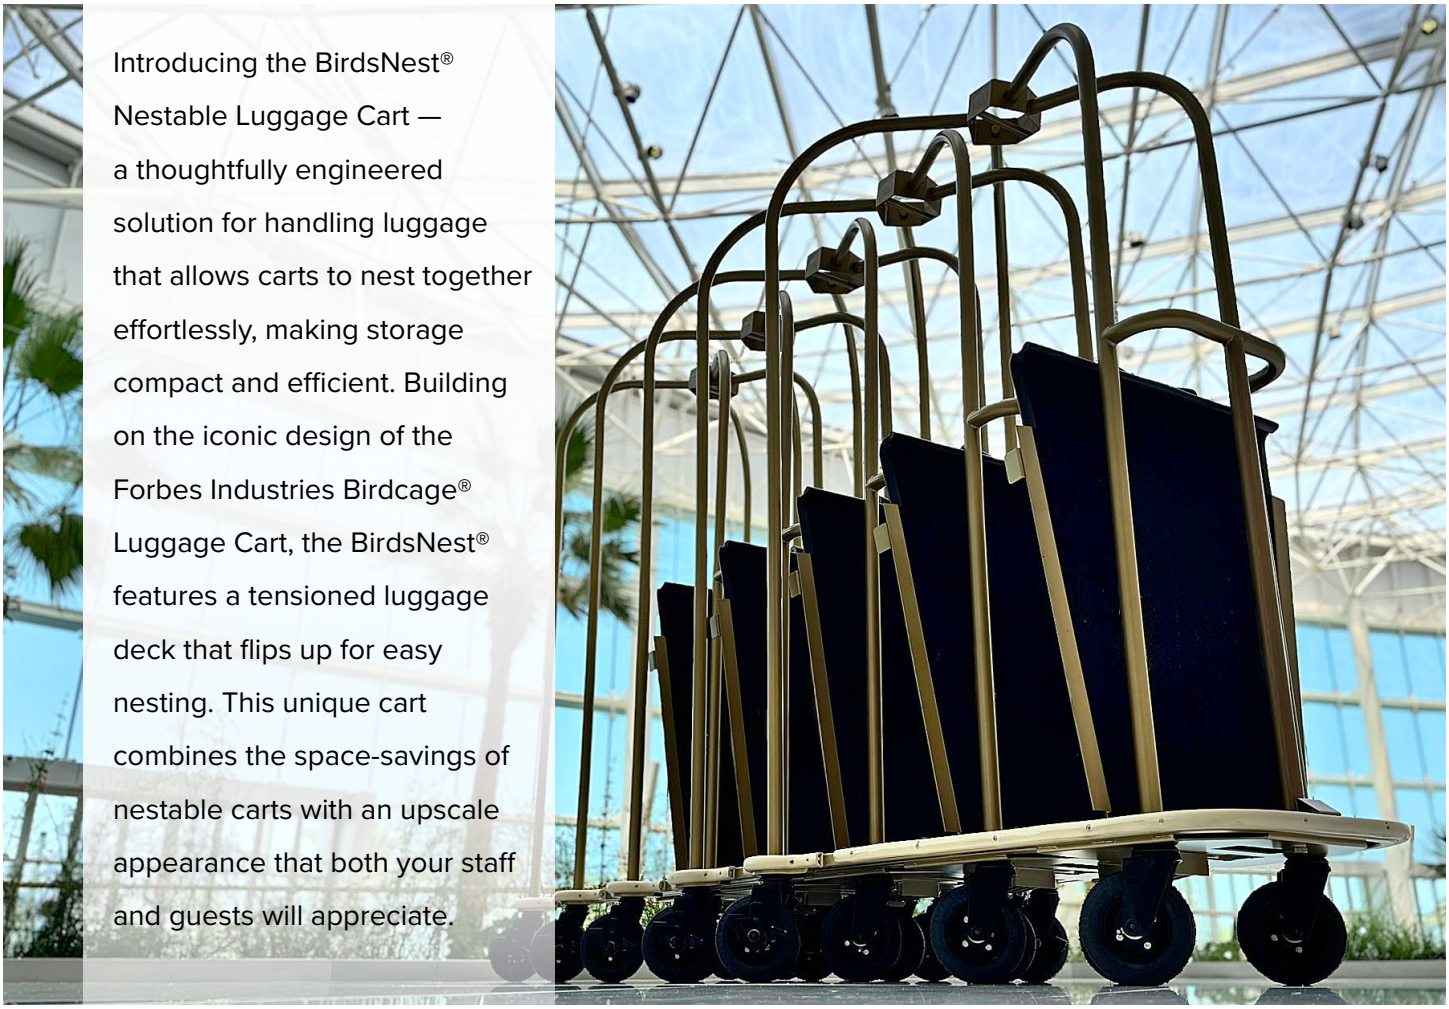
15 Year-old Birdcage® Luggage Carts still in use

THE BIRDSNEST

Introducing the BirdsNest® Nestable Luggage Cart. A thoughtfully engineered solution for handling luggage that allows carts to nest together effortlessly, making storage compact and efficient. Building on the iconic design of the Forbes Industries Birdcage® Luggage Cart, the BirdsNest® features a tensioned luggage deck that flips up for easy nesting. This unique cart combines the space-savings of nestable carts with an upscale appearance that both your staff and guests will appreciate.

"Finally, an upscale, nestable luggage cart that both my staff and guests will appreciate!"

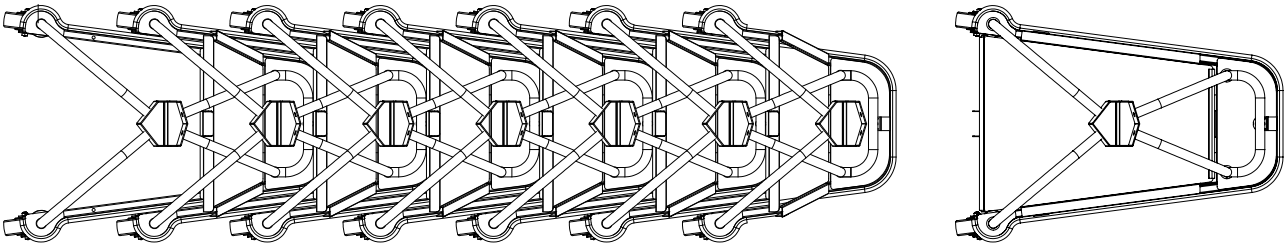
BirdsNest®
NESTABLE LUGGAGE CART



Introducing the BirdsNest® Nestable Luggage Cart — a thoughtfully engineered solution for handling luggage that allows carts to nest together effortlessly, making storage compact and efficient. Building on the iconic design of the Forbes Industries Birdcage® Luggage Cart, the BirdsNest® features a tensioned luggage deck that flips up for easy nesting. This unique cart combines the space-savings of nestable carts with an upscale appearance that both your staff and guests will appreciate.

THE SPACE-SAVINGS OF THIS UPSCALE LUGGAGE CART IS ABSOLUTELY AMAZING!

The BirdsNest® Nestable Luggage Carts are similar in size to traditional carts, featuring a 40-inch deck that can hold a substantial amount of luggage. However, unlike traditional carts, the BirdsNest carts are designed to save space, as they store in less than half the space required by standard luggage carts.



The BirdsNest® Nestable Luggage Cart saves more than 50% of the space used to store traditional carts, providing you amazing savings on storage!

Housekeeping Equipment

CONTEMPORARY | STEEL | MOTORIZED | ABS PLASTIC | INROOM | TURNDOWN
PUBLIC AREA | ACCESSORIES | LAUNDRY, LINEN, & UTILITY

FORBES HOUSEKEEPING CARTS

The innovative modular design behind Forbes Industries' housekeeping carts makes them easier to assemble, use, upgrade and customize. The basic design consists of two handles, ABS plastic or steel cabinet, two end platforms, and four casters. Pick from any of our standard models or choose from our many accessories to design a custom Forbes cart that fits your operational needs.

Several types of top tray organizers are available to keep amenities separated and where they belong

Privacy panels are available and designed to shield the public's view as well as discourage the overloading of housekeeping supplies

Bag lids are available to keep soiled linens or trash out of the public's view

Handles are available in low profile, ergonomic, single and double bag styles

Several bag sizes, materials, colors, and zipper options are available

Our housekeeping carts with all welded steel cabinets offer superior durability, are double welded at key stress points, and come in a baked-on powder-coated finish

Housekeeping carts with ABS plastic cabinets reduce weight without compromising durability; reduce noise during operation; and won't dent, scratch, or rust

Full wrap-around bumper and revolving corner bumpers add protection to your property's doors and hallway walls

Thick gauge steel mounting plates secure casters and make replacement fast and easy

Most carts allow for the addition of various under-deck accessories for a more personalized fit to help keep your operation running at its peak performance

Reinforced Steel Deck is built with 1" square steel tube and sheet steel and has reinforced steel cross braces. Decks are finished in a durable powder-epoxy paint

Motorize your cart to reduce labor fatigue and increase your operational efficiency. The Super Pusher G36 motor can be fitted on most carts with 8" wheels. (Details on page 48)

All casters are independently mounted to the base which makes caster replacement a breeze. Our unique mounting design allows for the widest possible wheel track which enhances stability and safety

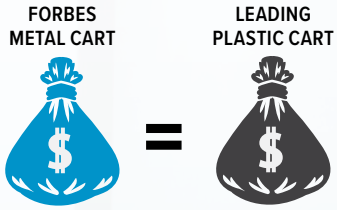
Busting the Myth

After rumors were circulated that Forbes Industries' Housekeeping Carts were harder to push than a competitor's brand, an independent study was done to put the issue to rest. The study found that not only are Forbes' significantly easier to push, but they are also lighter and last longer than competitor's carts. See the highlights of this study below.

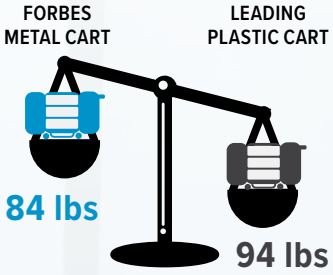
INITIAL PURCHASE PRICE

The initial purchase price of both a Forbes Metal Housekeeping Cart and the leading plastic cart are comparable.



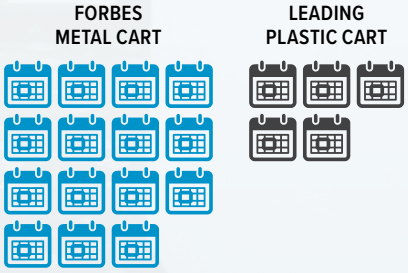
PRODUCT WEIGHT

Forbes Industries' metal carts are over 10% lighter than the leading competitor's plastic carts.



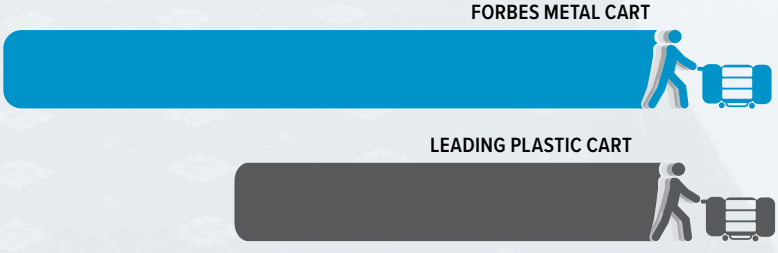
PRODUCT LONGEVITY

Evidence shows that the average lifespan of a Forbes Metal Housekeeping Cart is 3 times longer than that of the leading plastic cart.



PRODUCT WEIGHT

The independent push study showed that the Forbes Industries Metal Cart was up to 40% easier to push than the competitor's plastic housekeeping cart.



STEEL HOUSEKEEPING CARTS

Forbes Steel Housekeeping Carts are available in over 30 different base models giving you many different sizes, designs, and color options to suit virtually any operation. Customize with our extensive line of accessories or let us know your requirements and our product development team will design a custom solution just for you. Bags are sold separately (See page 61). Call for more information.

THE GO-CART MOTORIZED HOUSEKEEPING SOLUTION

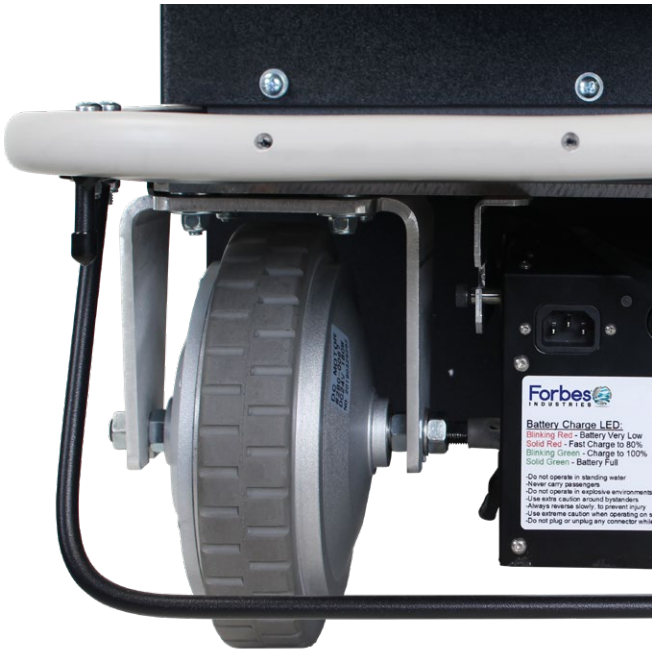
Forbes Go-Cart Super Pusher G36 housekeeping cart upgrade will speed up your housekeeping service and help lessen the excess weight your housekeepers must push. The result: cleaner rooms in less time! It reduces labor fatigue and increases your operational efficiency. The Go-Cart is the first cart motorizing system that utilizes a user-friendly, safe, touch control to easily propel the cart forward or backward with walking speeds from slow to fast and no complicated buttons or switches. The system is emissions-free and ready to be used indoors or outdoors.

The Go-Cart Super Pusher G36 motor can be fitted on most carts with 8” wheels as an optional upgrade.

Power Mobility Model 2310
(Cart sold separately)

Watch the video at: www.forbesindustries.com/videos

IMPROVE ERGONOMICS / UPGRADE EFFICIENCY / INCREASE YOUR BOTTOM LINE
EFFORTLESS TO PUSH / LOWERS WORK FATIGUE / REDUCE WORKER’S COMP CLAIMS



MOTOR FEATURES:

- ***Max Load*** *— Rated to push up to 1000 lbs. on flat concrete. Other surfaces such as carpet or incline will reduce load capacity.*
- *Battery Life — Depending on usage and load, batteries typically need to be charged every few days to once a week.*
- ***Battery Charge Time*** *— Typical charge time is usually between 6-8 hrs.*
- ***Built-in Battery Management System (BMS)*** *— Prevents damage to batteries*
- ***Wheel Size*** *— 8" Diameter only*
- ***Warranty*** *— Cart: 3 Years / Motor: 1 Year (limited parts/labor)*

The Go-Cart Super Pusher G36 motor can be installed on most housekeeping carts with 8" wheels.

- ***Speed*** *— The speed of the unit is variable and is controlled by the user with the touch-pad throttle*
- ***Manual Operation*** *— Cart can be pushed manually with minimal effort if battery dies*
- *Dual throttle kit is available, call for more info.*

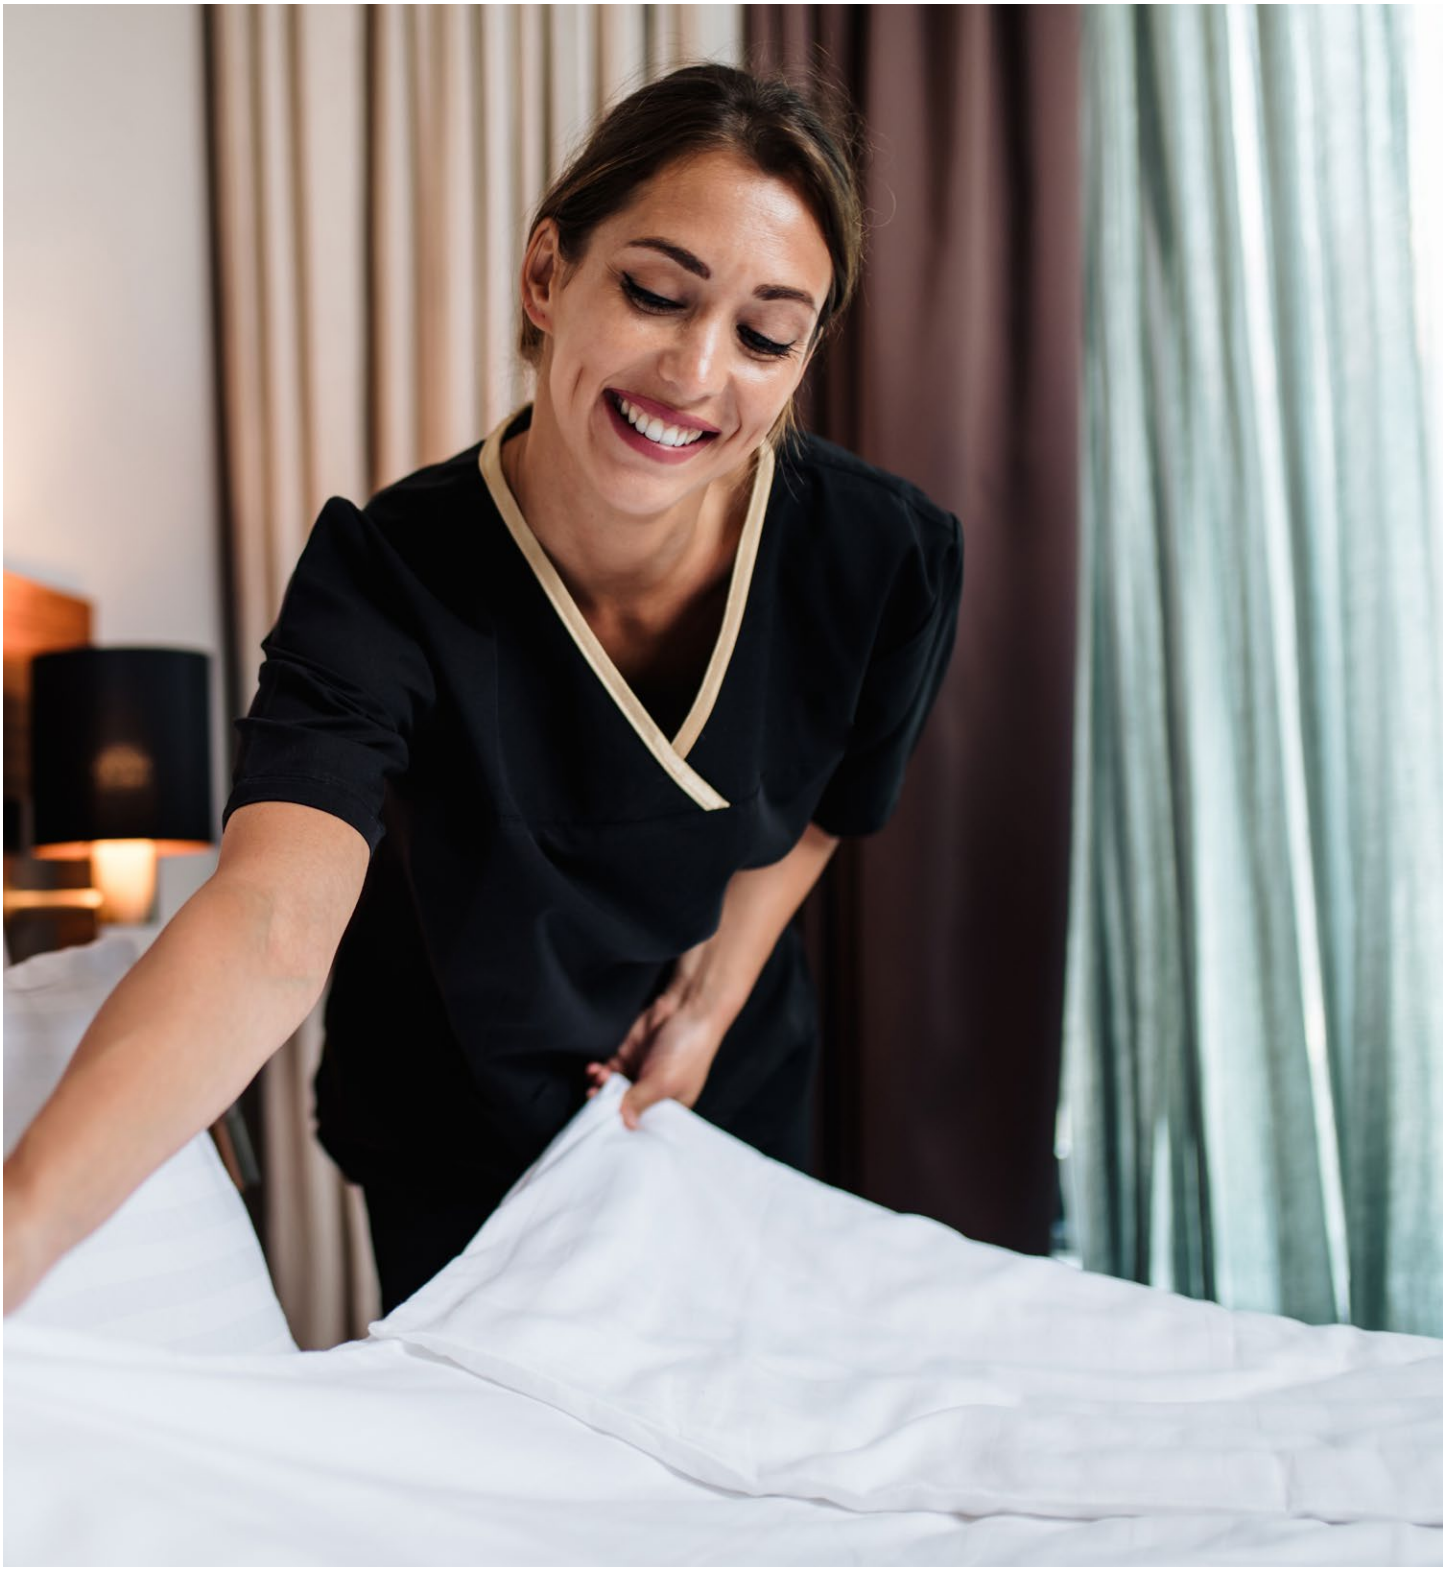
INROOM SERIES

Cluttered corridors? Dirty linens on display to the public? These are things of the past with the new Forbes InRoom Housekeeping Carts. Our unique InRoom carts are designed to allow housekeepers to easily navigate their supplies out of hallways and into guest rooms, effectively decreasing corridor clutter, pilferage, and worker's compensation claims while increasing safety, efficiency, and ROI.
Watch the video at: www.forbesindustries.com/videos or Scan QR Code ➜



INROOM Series

SAFETY, SECURITY, AND EFFICIENCY

By bringing the cart closer to the work area, we have helped reduce worker fatigue and worker's compensation claims. It just makes sense to keep the tools for the job near at hand so that one is not wasting time and energy trekking back and forth. With the cart in the room and the door locked, the guest's valuables are secure, and the housekeeper is safe. This will also reduce, if not eliminate, pilferage of items from the cart by passing guests and employees.

TIME IS MONEY: IMMEDIATE ROI

Protecting your employees from straining and injuring themselves while pushing around a cart that weighs twice what they do is an ROI that pays dividends far into the future. The Forbes InRoom carts are shorter in length than traditional carts and are available in molded ABS plastic, greatly reducing their overall size and weight. Protecting your walls, door jambs and furniture from damage is an ROI you can realize immediately. The four revolving corner bumpers and full perimeter fixed vinyl bumper provide dual protection for your walls, entryways, furniture, and fixtures.

CLEAR HALLWAYS: SATISFIED GUESTS

Forbes' InRoom Housekeeping Carts virtually eliminate guest exposure to used linens, cleaning supplies, and unsanitary conditions. Guests will greatly appreciate the clean corridors, free of housekeeping carts and operations. This will result in an enhanced guest experience which can lead to more guest referrals through Internet reviews and social media channels, and more repeat guests in the future.

THE STANDARD OF LUXURY IN *MOTION*

Established 1919

Forbes Industries is a US-based manufacturer with over 100 years of experience in the design and manufacturing of mobile carts and portable products. Many of our products are manufactured in our state-of-the-art facility in California and ship worldwide. Forbes stands by a philosophy that blends an uncompromising commitment to quality and excellence with a dedication to technological advancement and innovation.

Our innovative mobile products make it easy to give your guests 5-star service, when and where they expect it. Our broad line of products includes Banquet Chairs, Banquet Tables, Bars & Back Bars, Buffet Systems, Cocktail Tables, Dance Floors, Host Stations, Housekeeping Carts, Induction Tables, In-Room Dining Equipment, Live Cooking Action Stations, Luggage Carts, Luggage Racks, Mixology Bar Carts, Nesting Tables, Partitions, Podiums, Public Guidance Systems, Rolling Displays, Service Carts, Serving Tables, Signage, Stages, Training Tables, Transport Carts, and Valet Stations.

Our customers trust us to produce portable and mobile product solutions that will project an image of quality and will be long-lasting. No hassles, no worries, just innovations that work.

Thank you for choosing Forbes Industries.
