

WATER BUBBLER - CUSTOM 5970

SKU: 5980-X83

ADDITIONAL INFORMATION

The 5970 Water Bubbler is a sleek, mobile enclosure designed to elevate the look and functionality of standard water dispensers. Featuring a modern two-tone HPL finish with polished chrome accents, it offers organized storage, a durable solid surface shelf, and smooth mobility—perfect for keeping hydration stations clean, professional, and accessible.

Shown in Ice Fishin and Midnight Cedar.

- **Modern Two-Tone HPL Design** – Eye-catching custom laminate finish paired with polished chrome accents for a clean, contemporary look.
- **Convenient Solid Surface Shelf** – Durable and easy-to-clean surface ideal for holding cups, bottles, or personal items.
- **Organized Multi-Use Storage** – Three-compartment divided shelf keeps pens, notepads, and small essentials neatly arranged.
 - **Open Access Side Compartment** – Additional right-side storage for quick access to frequently used items.
 - **Integrated Water Dispenser Access** – Enclosed cabinet with rear access allows seamless integration with a standard water unit.
- **Mobile & Flexible Design** – Four casters provide smooth mobility for easy repositioning in any environment.
- **Clean, Streamlined Enclosure** – Designed to conceal and elevate standard water dispensers (unit not included) for a polished presentation.
