

The Green Process

Statement of Sustainability Commitment

Forbes Industries recognizes our responsibility to operate in a manner that protects and improves the environment now and for future generations. We know that the long-term well-being of our employees and society, as well as the continued success of our own business depend on our commitment to operating in a sustainable manner.

For many years Forbes Industries has conducted business and executed our operational strategy with environmental concern as a guiding corporate principal. With this document, we are elevating the principal of sustainability to a core corporate principal and incorporating it as an integral part of our business agenda. We are confirming our commitment to integrate environmentally friendly policies and practices into our organization by operating in a manner that supports conservation of materials and energy and waste reduction throughout our supply chain.

Our sustainability program has three key elements:

- *Our commitment to improve the sustainability impacts of our own activities.*
- *Our commitment to provide our employees with an environmentally conscious workplace.*
- *Our commitment to provide our customers with products that help them achieve their sustainability goals.*

Forbes Industries will continue to strive to develop and implement environmentally responsible business practices throughout our organization. We actively encourage our employees to partner with us by supporting and furthering our sustainability efforts.

MOBILE BARS - STANDARD FEATURES

Forbes' Mobile Bars are available in solid wood, wood veneer or laminate finishes. Most are NSF51 certified and include a stainless steel work counter, insulated sink with drain, speed rails and sections for glass racks and storage. Built to be durable and functional, yet attractive with many available accessories.

Most Forbes mobile bars are now certified by ETL to meet NSF standard 2

12" x 14" x 9.75" insulated stainless steel ice bin with drain.

3/4" plywood construction using furniture-grade, 5-ply with no voids. No MDF or particle board!

16 gauge stainless steel glass rack slides.

Cabinets are glued, pneumatically pinned, stapled and secured with screws and/or mod-ex fasteners.

22 gauge brushed stainless steel working surface with spill lip.

Two removable 18" long, 22 gauge stainless steel speed rails.

Casters are mounted to an 11 gauge steel reinforcement plate that spans the width of the base. Plates are drilled and tapped for easy caster replacement.

Deluxe Bars 7-step Finishing Process

- 1) Exterior is covered in 20 mill wood veneer
- 2) Interior is finished in High Pressure Laminate
- 3) Veneer and solid wood molding are sanded
- 4) Water-based, low-VOC stain is applied
- 5) Solvent-based sealant is applied
- 6) Final sanding
- 7) Varnish is applied

ECOFLEX ESSENTIALS COLLECTION

EcoFlex Essential Tables are available in 24 different sizes to suit your event needs and budget. Customize your collection by choosing from various tabletop sizes, shapes, and heights. The lightweight tabletops are finished in black laminate and accented with faux brushed stainless steel PVC edge banding which provides an elegant look and offers extra protection. The leg frames are offered in either brushed stainless steel or textured black powder epoxy. The EcoFlex Essentials Collection tabletops and frames mount via Forbes' magnetic pocket system. The unique design allows for fast and easy set-up, making these multipurpose tables perfect for banquets or any other occasion. After use, simply remove the tops, fold the leg frames together and load them on the transport/storage carts. No tools required.

TABLES & INDUCTION FURNITURE

REDUCE COST - NOT QUALITY

Meet Jeff. Jeff is the executive chef at a well-known five-star restaurant. As a Food & Beverage professional, Jeff knows that one of the most difficult and important parts of his job is to keep costs down. Jeff spends his days pouring over spreadsheets, looking for every possible cost-cutting method to help him keep his overhead under control.

Forbes Industries feels Jeff's pain. Forbes knows that equipment costs are one of the main challenges faced by our customers. As an organization committed to progress and efficiency, Forbes is constantly seeking new and better ways to help you cut costs and increase profitability.

Introducing Forbes' new Tables & Induction Furniture, the solution to your overhead overages. Forbes has worked tirelessly to lower the costs of the equipment that you need to keep your operation running smoothly and efficiently every day, while maintaining the quality and durability that Forbes' products are famous for. Through meticulous value-engineering, savvy consolidation of materials purchasing, and increasingly efficient manufacturing processes we have been able to lower our expenses across the board and pass the savings along to our valued customers.

Mobile Stages

MOBILE STAGES | RAMPS | STAIRS | GUARD RAILS | SKIRTING

Over-center locking mechanism keeps legs locked into place during transport.

- Forbes' Dual-Height Mobile Staging System offers all of the advantages of a mobile folding stage, plus the added simplicity and speed of built-in height adjustability.

- Our light-weight yet durable stages are designed to be set-up and taken down by only two people resulting in considerable savings in time and labor costs.

- Available in two sizes (6'x8' and 4'x8'), our stages are ideal for head table risers, performance stages, fashion runways, speaker's platforms and theater-in-the-round performances.

- All necessary accessories are also available: step units, ADA ramps, guard rails, chair/table stops and stage skirting. See page 87 for accessory options.

Each section of a Forbes Mobile Stage rolls freely on its own four casters. No heavy sections to lift and carry, no storage caddies necessary.

Powder coated steel edge banding provides long lasting wear and durability.

Forbes' pin and cable operation allows for easy height adjustment.
